Van Morrison 2004 in Iceland

Reykjavik –

EB Sound (Reykjavik, Iceland), 2nd October 2004, supplied EAW line array system with KF 760 for the Iceland event of Van Morrison at the Reykjavik Jazz Festival. The system was powered by Powersoft DIGAM 7000 and DIGAM 5000 amplifiers throughout. The EAW cabinets provide powerful and precise sound, and are familiar to FOH Engineer John Wills, " The PA system was top quality "

The Van Morrison shows utilized KF 760 elements per Front of House, KF 761 cabinets for near field and monitors SM 15. EB Sound's General Manager, Einar Björnsson, commented: "All of us at EB Sound have been delighted with the additional punch and clarity that the Powersoft Digam 7000's have added to the system".
