

Powersoft in Pepsi Music 2006

Monitoreo Stage 1

Since September 29th and during eleven days it took place the rock festival most important of Argentina "The Pepsi Music Festival"

150 bands went through the festival, between them the most important of Argentina and international artists like Iggy Pop, Michael Rose (Black Uhuru) y Ziggy Marley.

Through the 11 days of festival they have been an assistance of more than 200.000 fans.

PA Stage 1

BALS (Buenos Aires Live Show) was the responsible of the PA & monitoring sound in all the stages of the show.

They where used 28 Powersoft Amplifiers from the K Series for the PA of the three principal stages. For monitoring they where used 6 amplifiers Powersoft Q4002 in the main stage. This configuration allowed 8 monitor mix with 16 bi-amplified monitors, all this in 2 racks of only 6 units with 3 Q4002, processing and patching of in/out included.

PA Stage 2

PA Stage 3
