

POWERSOFT AMPLIFIERS AT MILLENNIUM HALL IN BELGRADE

The **Millennium Hall** is a multifunction venue inside Millennium Center in Belgrade able to host various entertainments as cinema and theatre shows, conferences, lectures, speeches etc..

The Hall, inaugurated during last summer, has several separate sound systems installed and ready for use at any time.

In detail, for cinema purposes it has EAW CB259X front line enclosures and EAW SB284C sub woofers, as well as BOSE PANARAY502A for surround.

FOH system is Renkus Heinz Qube line array with 24PCs of QSA-210 and 8PCs of QS-218S, as well as 8PCs of QM-115 used as stage monitors.

There is also Mackie S400 system inside for smaller shows or speech. 2PC of S408 satellites and 2PCs of S410S subs.

FOH mixer is MIDAS LEGEND 3000/48 and a smaller Mackie TT24 digital console.

Effect racks contain Mackie Quad EQ, TC Electronic D-Two, Yamaha SPX-2000, Lexicon PCM 81 & 91, DBX DriverackPA, 166XL and Dolby CP55 for cinema speakers management.

They are also using a selection of Shure microphones and Sennheiser headphones as well as Alesis HD24X hard disk recorders.

Everything is powered with the following Powersoft amplifiers:

DIGAM 7000 - 1PCs
DIGAM Q4004 - 8PCs
DIGAM K6 - 2PCs
DIGAM Q3002 - 8PCs
DIGAM LD1404 - 2PCs
DIGAM Q4002 - 3PCs
DIGAM D1604 - 4PCs

All the engineering, planning and installation was made by **Sky Music** team, Powersoft distributor for Serbia. They also supplied all the gear installed.
